PUPPY QUESTIONNAIRE

At Catera Alaskan Malamutes we care very much about each and every puppy that is born here and try to find the best homes for our puppies. We also try to find the best possible personality match for you and your new puppy. We have spent the first weeks of the puppies' lives with them on a daily basis and have gotten to know each and every one of them. Spending each day with our puppies, playing and even socializing them with our other dogs, helps us in determining which puppy is best suited for your lifestyle.

By filling out our Puppy Questionnaire and sending a \$200 Reservation Deposit adds you to our "Future Malamute Puppy Family" list. There is no guarantee which litter you will be offered a puppy from. As a breeder, I have a litter to always keep a puppy for myself.

Please expect to wait up to 2 years for an available puppy from CATERA.

Please help us get to know you better by completing this questionnaire.
